To Whom It May Concern

This is to certify the employment and commend the contributions of Mr. D.S. Shanuke as a Research Assistant in the Department of Food Technology at Faculty of Technology, Rajarata University of Sri Lanka from 01st of May 2023 to 01st of June 2024.

During the period, Mr. D.S. Shanuke was involved in our research project on Extraction and characterization of dietary fibers from fruits and vegetable wastes generated in economic centers of Sri Lanka for potential food application under research grant of STHRD Project. While employed, his responsibilities have included conducting comprehensive literature reviews, field surveys, designing and executing experiments of dietary fiber extraction, characterization and different techniques for co-encapsulation. Moreover, he demonstrated as a highly skilled, diligent and truthful person during his tenure with us.

I am confident he will be an asset any organization or academic institution they choose to join.

We will wish him all the success in his future endeavors.

Thank You.

Yours Sincerely,

Dr. W.M.M.D. Bandara
Principal Investigator
STHRD Project (R3/RJ3)

W.M.M.D. Bandara (PhD)
Head
Department of Food Technology
